A CHILD'S NOTION .- Our friend F. on taking a long tour over the State, had permitted his usually fine-looking, close-shaven face to be mastified by a mustachio. On arriving at the town of M., he called on a lady friend, and was shown into the parlor. A bright little girl, the pride of the family, slily opened the door and peeped in; but on seeing the "animal," she ran frightened to her mother, crying, "Ma! Ma! what's the man got his mouth away up in his hair for ?"

You may be sure F. speedily adjourned himself to the barber's!

"Digging a grave! Why, I tho't people did n't die often up here-do they ?"

"O. no. sir-they never die but once !" He never asked the question "but once."

This remedy is one that has proved successful for a long time, and is universally acknowledged by all who have tried it to be far superior (being so very pleasant to the taste, at the same time effectual) to any other medicine ever employed in diseases for which it is recommended. PURE FRESH COD Liver Oil.

THIS new and valuable Medicine, no used by the medical profession with such astonishing efficacy in the cure of Pulmonary Consumption, Scrofula, Chronic Kheumatism, Gout, general Debility, Complaints of the Kidneys,

&c. &c., is prepared from the liver of the for our sales.

[Extract from the London Medical Journal.] C. J. B. WILLIAMS, M. D., P.R.S., Professor Medicine in University College, London, consulting physician to the Hospital for Consumption, &c., says; "I have prescribed the Oil in above four hundred cases of tuberculous disease of the Lungs, in different stages, which have been under my care the last two years and a half. In the large number of cases, 206 out of 234, its use was followed by marked, unequivocal improvement, varying in degree in different cases, from a temourary retardation of the progress of the d and a mitigation of distressing symptoms, up to a more or less complete restoration to apparen

"The effect of the Cod Liver Oil in most these cases was very remarkable. Even in a few days the cough was mitigated, the expectoration diminished in quantity and opacity, the night sweats ceased, the pulse became slower, and of better volume, and the appetite, fiesh and strength

were gradually improved.

"In conclusion I repeat that the pure fresh Oil from the Liver of the Cod is more beneficial in the treatment of Pulmonary Consumption than any agent, medicinel, dietetic or regimenal, that has yet been employed."

As we have made arrangements to procure the Cod Liver Oil fresh from hea quarters, it can now be had chemically pure, by the single bottle or in boxes of ne dozen each.

Its wonderful efficacy has induced nun erous spurious imitations. As its succes depends entirely on its purity, too much care can not be used in procuring it sexu-INE. Every bottle having on it our written signature, may be depended on as genuine.

Oil, with notices of it from the Medical Journals, will be sent to those who address us free of postage.

LET EVERYBOOT READ THIS CARRESTLY.—There is a Sarasparilla for sale in the different towns called S. R. Townsend's Sarasparilla. It is advertised as the OREGINAL, GENUINE, and all mai. This Townsend us no doctor and never star; but was foressrip a worker on railroads, canals, and the like—yet he assumes the litle of Boctor for the purpose of gaining credit for what he issed. He says "he isses steended two medical schools, and practiced for filese years!" Now the truth is, he never practiced medicine a day in his life! Such wilfed, wicked miscopresentation looks bad to the character and veracity of the man. I sub most sincerely, he had never made those statements of aims self or of me. When will men learn to be houset and trush full in all their dealings and intercourse with their follow men! He applied to one Ruel Chapp to assist him in may ufacturing his mixture, stating the large soums he word! make, as an inducement to embark in the businesse. We wish it understood, because it is the absolute truth that S. P. Townsend's arricle and old Dr. Jacob Townsend's Sarraparilla are heaven wide apart, and infinitely distantialer; that they are unlike in every particular, having fit one single thing in common.

As S. P.
